You can order some cake flavours to taste to help determine the preferred flavours for your special day - we offer these as cake jars or cupcakes.

Designing your cake

We can take inspiration from your wedding attires, theme, colours, venue, floral arrangements and any decorations or keepsakes to make your cake unique and special to you.

During your consultation, we will discuss the key details such as the wedding or reception date, number of guests, presentation of your cake and many more.

We take pride in ensuring that every detail is met and the experience is stress free for you.
